

Our Mission Statement

The Fraggers are mature gamers that enjoy online gaming with our friends. We are not restricted to only one game and try to apply our values in any game we play.

The Fraggers Hall is our community and is all about fun and fair play. We are proud of our clan and do not tolerate abuse of one player by another. We believe in sportsmanship and fair play.

Our mission is to:

1. Have FUN.
2. Make friends.
3. Maintain an environment in which to create friends of each other and all who visit our server.

Becoming a Member of the Fraggers Hall

The nature of this clan requires that prospective members become acquainted with the existing members. The best way to become acquainted is to play on our servers and let us get to know you. You are invited to join us on our forums and correspond with our players. Your proficiency at playing is not an issue, however your attitude, personality and how you deal with others is of primary concern to us. Currently as we prefer to keep our numbers small we are not actively recruiting. However if a player comes along of very high caliber in both attitude and gameplay, they could be considered for membership.

If you are abusive, arrogant, disruptive, or have trouble following directions you need not bother applying. You will not be accepted.

Prospective members must have a current Fraggers member sponsor them. That member will request of the Council that they be considered for membership.

Once a request for membership is submitted, the Council members will then attempt to get to know the prospective member before a vote will be made.

If you receive 3 votes for your acceptance you will become a member.

As a new member in the tribe you are watched for your on-line character and following the laws of

the tribe for 60 days.
